2 People interested in running games

3 Merchant Booths, 1 merchant table, and 1 extra merchant badge were bought on line.

1 Fan Table has been reserved.

The band Chronos has contacted us about performing and being participants.

This year we did another ad swap with TusCon.

We have been going out to Mesa's 2nd Friday to spread the word about LepreCon, in October Britt Rhuart won 2 free weekend passes at the October Costume Contest.

I am having a bit of difficulty getting the emails from the website. Due to high level of burn out, I am having difficulty finding fresh faces to fill in Committee and Staff positions.

While talking to merchants at TusCon, I came across a merchant who refuses to come back to LepreCon because of instead of being talked to and blown off about issues that the con was facing she was told that either "everything is great" or "It's because ComicCon moved closer to us" Over all she felt disrespected enough by what people in charge were saying and not feeling like her opinion mattered, that she refuses to have any thing to do with the con.
